City battling deadline, new rules to get grant

By GARY SCHNEIDER
Press-Record Staff Writer

"Granite City is undertaking a crash program to try and meet rigid state and federal requirements for the secondary treatment plant," Mayor Paul Schuler commented Friday. Schuler said he and Aldermen

Ronald Coleman, R. E. Robertson and Everett Morien of the city's pollution plant committee met with federal and state Environmental Protection Agency officials in Springfield Thursday to discuss how the city can meet the rapidly approaching June 30 deadline for approval of grants to help build the treatment facility.

Another waiver will be required on a regulation that the city show evidence that no coliform was used in obtaining the property for the facility. The new treatment plant is to be built on Granite City Army Installation property, Schuler explained. "Since we are building on federal property, this may not be required. They are checking on that in Springfield."

He stressed that any roadblocks could set the city back into next year's federal fiscal budget, which would likely necessitate rebidding for construction, and new priority rankings on grant requests.

The way labor and materials have gone up in price, rebidding next year might add nearly \$1 million more to the cost of the project. "We are ready to go now, and we just hope nothing stops us," Mayor Schuler said. City employees are being called for nearly all departments to assist the city in meeting the requirements.

Pontoon hearings Wednesday

On-site public hearings are scheduled for 7:30 p.m. and 8 p.m. Wednesday on a proposed Pontoon Beach business development for which a zoning change is required.

The project has been proposed by Village Board President Floyd David Moss and his wife, Sheila, and a former village trustee, Carl Hackney, and his wife, Betty. They plan to construct a private commercial area on both sides of Route 162 just west of Route 111 on land annexed into the village May 26.

The hearings Wednesday are to be conducted by the Pontoon Beach Zoning Board of Appeals on a request by the petitioners and the present owners. Hackney is a member of the zoning appeals board; Moss has said the board will not vote on the zoning change.

A B-2 business classification is being sought for both parcels of land. Presently, land on the north side is zoned residential and on the south side residential and agricultural. Charles L. and Helen Chandler are owners of four acres south of Route 160 and Mary Regget is the owner of five acres south of the highway. The Moss and Hackney families have options to purchase the nine acres if the zoning change is approved.

The first phase of development they plan is construction of a \$300,000 building on the south side housing nine professional offices. Moss disclosed. Tentative plans call for later construction of a building on the northern property for small community businesses, Moss said.

The plan has drawn criticism from several village residents and officials who reportedly have initiated efforts to block development. The zoning group is expected to vote following the public hearings and its recommendation is expected to come before the village board at its meeting at 7:30 p.m. Thursday.

The 7:30 p.m. hearing will be on the property on the northwest corner of Routes 111 and 162. The 8 p.m. hearing will be on the southwestern property.

He walked out to where the water was up to his chest before Tipton warned him not to go any deeper, Tipton said. "Tipton said Mr. Clark replied he was 'O.K.' and continued into the deeper water. The victim then told Tipton he had cramps, and he went under the water. He returned to the surface, called for help and submerged again, Tipton said.

Tipton went to the Illinois State Police command post guarding Chouteau Island at the west end of the Chain of Rocks Canal Bridge and told officers of the drowning.

State troopers, Madison County sheriff's deputies and the Long Lake Volunteer Rescue Squad answered the call. Rescue workers dragged the water under the bridge area until lo-

"There was never any doubt in my mind I'd return to Chouteau Island to live after the flood," John Allen, Rural Route 1, Box 1262, said Friday. Allen's family was only one of 50 families on this island forced out of their home in April by flooding. He and his wife, Daphne,

have five children, one of whom still lives with them. On Friday, Allen began the enormous task of repairing his damaged home.

"I'm not as bad off as some of the island residents. Many of the homes are still under water," he commented, but then added that the damage to his house, garage and sheds has been estimated at \$18,000.

He said the situation on the island is still hazardous with the levees broken in several areas and additional flooding possible. June typically has more rain than any other month of the year and the river could rise again, he noted.

"We have heard the Federal government will help rebuild the levees. If we get by June, maybe they'll get the levees built and we will be safe for another couple of hundred years," he said.

He added that many other Chouteau Island residents share his feelings that the record 43.31 feet reached by the river April 28 will not be reached again and that they can return to the island safely.

"You just start in with a shovel and start shoveling everything outside," he explained, adding that valuable items can later be sorted from items ruined by water.

"I had talked to people about floods, so I was expecting about what I saw."

"I expected only about six inches of water in the living room."

Cooperating, 'in black' agencies ease tax load

A positive side to local taxation emerged from an unusual joint discussion Thursday evening between Granite City's elected to city, township, park, school and county officials.

Points made Thursday night are believed by the officials to have even more impact when compared with other communities. Alton schools are facing steadily rising debt and have had a succession of tax rate election defeats. A Belleville High School referendum for a 30-cent tax rate hike was rejected June 2 by 5,703 to 1,264.

Each of those present at the informal dinner at Charlie's Restaurant commented on inter-governmental cooperation and other efforts to achieve economy and efficiency.

Joint park-school services and campus-playgrounds were noted along with such city-county projects as widening of Maryville Road.

Expansion of this type of cooperation will be among the primary objectives of such meetings as that held Thursday night.

Tentative plans call for them to be held on a quarterly basis, with perhaps Board of Education members scheduling the next one. Assessor VonDee Cruse called together the initial gathering.

FLOOD AFTERMATH in the yard of Chouteau Island resident John Allen. In the foreground are ruined items he had to remove from his house and to the rear is what is left of his garage.

REPLACING THE WALLS in his Chouteau Island home, Allen uses a crowbar to remove old plasterboard damaged in the flood. The home had 33 inches of water in the living room at the height of the spring flood.

THROWN LIKE MATCHBOXES by Chouteau Island flooding, storage buildings were ripped from their foundations by the force of the water when the levees broke. At right is an antique auto Allen was restoring.

THE LEVEL REACHED by the water on his home is shown by John Allen by the end of the boat he is holding. Allen was among many island families this weekend who began the enormous task of repairing and cleaning their homes.

Bubblemasters to buy tank refill equipment

Proposed purchase of new compressor equipment, expected to cost about \$6,000, will be the principal item of business discussed by Bubblemaster-Scuba Club members at a 7:30 p.m. meeting Tuesday at the YMCA.

Jack Richardson, president, said acquisition of a large capacity compressor has been the objective of the diving club for the past two years. Several public events have been sponsored to build a "compressor fund."

The equipment will be used by club members and personnel on the underwater recovery team, a volunteer unit affiliated with the Granite City Civil Defense.

Services provided by the recovery squad are available to the public and area police departments without cost.

Five new members will be elected to the scuba club's nine-member board of directors at tomorrow night's meeting. Plans will be completed for a July 1 dive and float trip on the Current River in Missouri, where Bubblemaster members will join other scuba divers in helping to clear debris from the scenic river area.

Also to be considered is a Midwest Council-sponsored diving trip to the Highway 13 boat dock on Table Rock Lake in mid-July, Richardson said.

Divorce granted

Roberta Ann White obtained a divorce from Charles Arthur White Jr. in Madison County Circuit Court. Both are from Granite City. They were married Jan. 20, 1958, in Sanatopia, Miss., and separated June 15, 1972. Mental cruelty was charged. According to a joint agreement, custody of three children was given to the father.

Auto crash near Route 3 is fatal to Roger G. Odom, 20

Roger G. Odom, 20, of 1721 Olive St., was injured fatally Thursday when his southbound car went out of control on St. Thomas Road 100 feet east of Route 3 and struck a guard rail.

The car traveled along the rail several feet before going over the top and turning end over end at least twice.

He was thrown from the car and was taken by ambulance to St. Elizabeth Hospital with multiple head injuries. He was transferred to Firmin Desloge Hospital, St. Louis, where he died at mid-day.

Born in Granite City, he attended Tri-County schools at Campbell Hill from the seventh through the eleventh grades. "Roger was well liked and

Logjam is likely to defeat many pending bills in legislature

By KEN WATSON
Copley News Service

Springfield—Defeat looms for some major proposals in the Illinois legislature.

Statehouse odds favor defeat and rejection of all legislative proposals this session.

—Any significant kind of tax relief.

—No-fault auto insurance.

—Creation of a regional mass transit authority for the Chicago Metropolitan area.

Two of them appear doomed by the virtual political deadlock in the legislature and the deep division existing between Democratic Gov. Dan Walker and the Republican Senate leadership.

Failure of Walker to exercise his traditional leadership of a governor with his own party—whatever the reason—is also a contributing factor to the apparent stand-off.

But with the House deadlocked at 88 Republicans to the Democrats and the GOP holding a one-vote but unreliable 30 to 29 edge in the Senate, prospects for enactment of any major legislative session have been dim from the start.

Developments during the session have only increased the outlook for deadlock.

The tax issue is intensely political. Republicans—through a bill sponsored by House Speaker W. Robert Blair of Park Forest, and already passed by that body—would provide tax relief by establishing sales tax exemptions on food and medicine.

Gov. Walker has proposed amending a similar bill, sponsored by House Democratic Leader Clyde Le Chouteau of Anna, to grant a flat \$400 per year additional exemption on the state income tax.

Both parties are determined to claim credit for any tax relief, and this quickly adds up to deadlock.

Whatever tax legislation that might pass the House or Senate would face compromise through amendments in joint conference committees, and there the deadlock would be frozen in the current view prevailing beneath the Statehouse dome.

The regional mass transit issue is also stymied in politics with traditional Chicagoan rivalries, the proposed state lottery and Downstate sales tax relief also stirred into what is by all standards an inordinately long session.

The no-fault insurance matter is not strictly a political issue in the ordinary Republican versus Democratic mold. That deadlock is between legislators of either party, allied either

with the legal fraternity or the insurance industry.

Both forces have pushed contrasting bills through the Senate and it is now up to the House to try to effect a compromise.

If successful, take a bill back to the Senate for agreement on some amendment.

Right now, the feeling at the Capitol is that there is about as much chance of the two sides getting together on a compromise bill as there is of the San Diego Padres and the Texas Rangers playing in the World Series.

The final month's "sound and fury" could conceivably produce some unexpected compromises, but few knowledgeable legislative workers expect it.

Members of the Edwardsville Kiwanis Club were guests and conducted the entire meeting and program for the local club.

Louis Boulton presided and Louis Enlow served as program chairman.

A new member, Edward Fritsch, of Modern Business Systems, was introduced and welcomed.

It was announced the club will attend a St. Louis baseball game with the Granite City Kiwanis Club Thomas Layloff, chairman of charter night set for July 9 at Charlie's Restaurant, gave a progress report on the affair.

Mrs. Thomas said her daughter apparently left the apartment after the mother went to sleep. The girl's whereabouts are not known by relatives and friends who have been questioned, she said.

Robin is believed to have been wearing a red, white, yellow and blue patterned skirt, white tennis shoes and a blouse. She is five feet, four inches tall, weighs 115 pounds and wears her long hair in natural style.

The 15-year-old girl previously has not been away from home, Mrs. Thomas said.

Information concerning the missing girl should be reported to the Venice Police Department at 877-2114, the mother said.

Gov. Walker attends Judge Monroe funeral

Funeral services for Circuit Judge James O. Monroe Jr., 55, Collinsville, were held at 3 p.m. Saturday at a Collinsville funeral home.

Burial was in St. John's Cemetery, Collinsville. Mourners present included Gov. Daniel Walker.

Judge Monroe was killed when his auto overturned Thursday on Route 159 at Glen Carbon Road.

Funeral yesterday for Edward Davis Sr., 73

Funeral services for Edward Davis Sr., 73, of 918 Jefferson St., Madison, took place last night at an East St. Louis funeral home.

The retired General Steel Industries operator died June 5 at St. Elizabeth Hospital.

He leaves sons, Edward Jr. of Madison and Theros of Chicago; step-daughters, Viola Clemens of Madison and Mrs. Willis Jamison of Detroit; and sisters, Mrs. Louise Smith of Milwaukee and Mrs. Albin Brown of Detroit.

Mrs. Sullivan dies
Mrs. Ellen Sullivan, 68, Collinsville, sister of Frank Giedrich of Granite City, died Thursday at St. Elizabeth Hospital. The funeral was today at Our Mother of Perpetual Help Church, Maryville.

Paul Schuler will be the guest speaker. Participating in the program will be Clyde Metts, American Legion committee chairman, and Exalted Ruler Ivan Pomeroy.

Boy Scout, Cub Scout and Explorer units will present a musical display of colors. The public is invited.

Miss Martha Cowan succumbs in Florida

Miss Martha Cowan, who taught at Niedringhaus School for over 40 years until retiring, died Friday in the infirmary of the apartment building where she and her twin sister, Mary, resided at 830 North Shore Drive, N.E., St. Petersburg, Fla.

Miss Cowan, who was in her 70s, had been an invalid for several years.

She and her sister, a retired Granite City High School teacher, began spending six months a year in Florida and in recent years had resided there permanently. Miss Mary Cowan is recuperating from cataract eye surgery.

Their father, a medical doctor, and mother brought them here from Girard, Ill., at an early age.

Presbyterian funeral services were held today in St. Petersburg.

Venice girl, 15, missing from home

Robin Simmons, 15, a Venice High School student, has been missing from home since 10:30 p.m. Wednesday when she was last seen by her mother, Mrs. Pearl Thomas, Apt. 74, Venice.

Mrs. Thomas said her daughter apparently left the apartment after the mother went to sleep. The girl's whereabouts are not known by relatives and friends who have been questioned, she said.

Robin is believed to have been wearing a red, white, yellow and blue patterned skirt, white tennis shoes and a blouse. She is five feet, four inches tall, weighs 115 pounds and wears her long hair in natural style.

The 15-year-old girl previously has not been away from home, Mrs. Thomas said.

Information concerning the missing girl should be reported to the Venice Police Department at 877-2114, the mother said.

Gov. Walker attends Judge Monroe funeral

Funeral services for Circuit Judge James O. Monroe Jr., 55, Collinsville, were held at 3 p.m. Saturday at a Collinsville funeral home.

Burial was in St. John's Cemetery, Collinsville. Mourners present included Gov. Daniel Walker.

Judge Monroe was killed when his auto overturned Thursday on Route 159 at Glen Carbon Road.

Final performances of Shriners' circus

With shows tonight and Tuesday night, Almad Temple will set a new record for attendance at its circus in Belleville at the Belle-Claire Fairgrounds.

The Saturday shows were sold-out, with a standing room crowd at the night performance; chairs were added to the area to handle the overflow. Sunday shows were well filled.

The show will play tonight at 7:30 and also at 7:30 Tuesday night, which is the rain date from the Granite City circus.

Tickets are available at the house for \$2 for adults and \$1 for children.

Crackdown on open burning in Madison

A crackdown on open burning in Madison was initiated Friday afternoon by Walter H. Franke, regional supervisor, Surveillance Section, Illinois Division of Air Pollution Control.

Mayor Mike Sasyk joined in the appeal for compliance with the statewide ban on burning of trash in alleys and back yards.

Frankie issued ten warning notices within a half-hour, indicating unexpectedly heavy non-adherence to the regulations.

The Illinois Senate approved 33-10 Thursday a bill to end the open burning of trash.

House action is pending. Even if it becomes law, other types of burning will remain banned.

Top national safety honor to Smith plant

Outstanding plant safety records at its automotive manufacturing plants have earned the A. O. Smith Corporation's Automotive Division awards from the National Safety Council.

An Award of Honor, the highest recognition given by the National Safety Council, was received by the division's manufacturing facility in Granite City.

An Award of Merit was given the division's Milwaukee manufacturing plant and corporate headquarters. Charles H. LeClair, A. O. Smith vice-president of employee and public relations, said the awards were earned for safety records compiled during 1972. They are based on A. O. Smith's safety performances, which are 8.5 times better than national industrial averages.

A. O. Smith is the world's leading manufacturer of automotive and truck frames. The division has more than 8,000 employees at its Milwaukee and Granite City manufacturing facilities.

Other A. O. Smith recipients of awards from the National Safety Council include the Meter Systems division, Erie, Pa., which received an Award of Honor.

Awards of Merit also were given to: Canadian Controllers Ltd., Scarborough, Ontario, Canada; A. O. Smith Harvesting Products, Inc., Arlington Heights, Ill.; the Product Service division, Chicago; and A. O. Smith, Inc., Little Rock, Ark.

The Harestore Product plant at Elkhorn, Wis., was cited for a Certificate of Commendation while the Consumer Products division's Stratford, Ontario, Canada, plant received a President's Letter.

The number of corporate awards equalled the 10 safety awards received by A. O. Smith in 1972.

Driver education for adults set at SIUE

A driver education program for adults will be offered by Southern Illinois University at Edwardsville beginning June 25. The program includes six hours of individual behind-the-wheel instruction by a certified instructor.

According to Walter B. Bartholomew, coordinator of the SIUE Office of Conferences and Institutes, the program is designed primarily for new driver's license.

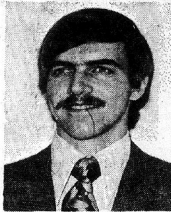

The program is conducted by the Office of Conferences and Institutes, with the co-sponsorship of the health, recreation and physical education department of the SIUE Education Division. It is the only summer adult driver education program offered in the area.

Enrollment is open to the public, with a minimum age of 21. The program is self-supporting, and a fee of \$65 is charged. Persons may reserve space in the program and receive further information by phoning the Office of Conferences and Institutes, 692-2660.

'People who care' hired to cut state red tape

By JOAN MURARO
Copley News Service

Springfield—You're 17 years old, unmarried, six months pregnant, and about to be committed to a mental institution. You're a ward of the state and have been nearly all your life, so you have no one to turn to. Where can you turn to be seen as an individual, rather than a case on a crowded calendar?

Now, in a new program of the Illinois department of children and family services, you'll be able to turn to one of two ombudsmen, whose main function is to cut through bureaucratic red tape and multiple forms to find the persons underneath.

Department Director Jerome G. Miller has announced the appointment of Sharon Garber of Chatham and Regina Parkrick of Chicago to fill the two newly created posts in his department.

The case of the 17-year-old is actual. The girl handed a letter outlining her case to Sen. Charles H. Percy when he and Director Miller were visiting one of the department's facilities recently. The girl in question stated

she had been in 10 foster homes and three mental institutions so far, though a doctor at the last mental facility had assured her she didn't belong there and had ordered her release. Now she was going to another one because there was no place else, she was told, she could be sent. She wanted to keep her baby when it was born but was afraid she'd be ruled "unfit" if she was in a mental hospital when her infant was born.

She wanted instead, she said, to have some place to stay, a place to learn a skill to support her child.

Ombudsmen don't work miracles, and examining 17 years of a person's life and experience with a state department take time. But Mrs. Garber is working with department staff to explore any options available for the girl.

Under the new program, as set up by Miller, both Mrs. Garber and Patrick will serve as direct liaisons between Miller and the public or other state agencies, responding to complaints and questions concerning department services.

"Too often in the past," Miller said, "bureaucratic red tape has been a barrier to delivery of services. Problems and complaints have been shifted from office to office without being resolved. The ombudsmen will make sure individual needs of citizens, which have not been met through regular channels, do not end up being ignored."

Mrs. Garber is a graduate of Illinois State University in Normal and holds a master's degree in communications from Sangamon State University in Springfield. Patrick, a native of Chicago, is a graduate in psychology from Roosevelt University there.

Scout leaders attend national camping school

Four scout leaders from this area attended the National Camping School of the B. O. Y Scouts of America last week in northern Minnesota.

The men will be related to the operation of Camp Sunnen, the summer training camp of the Cahokia Mound Council. Sunnen is expected this year to have an attendance of 1,200 scouts and leaders from troops in Madison and Bond Counties.

Leaders taking the intensive training are Mike Bilbrey, studying camp program; Larry Fodoroff, camp commissioner training; Bruce Evans, field sports; and Jim Anderson, camp services.

"The men selected to attend the National Camping School are key staff members who have the responsibility for training and supervising other camp staff personnel or who serve in major positions in our council camping program," J. Richard Woods, council director, explained.

"Our staff must have the skills so that scouts and their leaders receive the kind of experience that will enhance and support their year-round troop activities."

The 351-acre camp provides facilities for a complete scouting skills program, plus aquatic, marksmanship, archery, fishing, orienteering, ecology, conservation and team sports. The camp also provides commissioner service to counsel leaders and assist with troop programs.

Prior tops field in Tri-City racing event

Johnny Prior, auto racing track champion seven seasons at the Centennial home track and a former Highland and Lake Hill Speedway champion, showed his winning style Friday night at the Tri-City Speedway, defeating an impressive late model stock field which included the defending track champion Wil Spalding of Ponton Beach.

Prior moved into the second position behind Russ Wallace of Arnold, Mo., at the start of the 25-lap feature race.

The yellow flag came out on the second lap as Jack Werner of St. Louis, lost a tire from his race car. When the race resumed, Prior still trailed Wallace.

On the seventh lap, Prior maneuvered past Wallace to take the lead and held on to the checkered flag.

Ren King of St. Louis went out with a flat tire in the 17th lap, and Ken Schrader of Valley Park, Mo., was grounded on the 18th lap when his car climbed on top of the inside guard rail.

Spalding had problems controlling his car and spun in each of three consecutive laps, the 22nd, 23rd and 24th. The first two times he caught up with the field, but the third time he was clipped as he spun by the car of Pat King of St. Clair, Mo. Spalding's car sustained a broken radiator. He coasted across the finish line eighth.

Wallace finished second and Len Gittimer of St. Louis was third.

Despite the mishap, Spalding continues to hold the track

point lead this season with 1,565. Gittimer is second at 1,475 and Wallace holds third with 1,315.

Spalding added points to his total by being the fastest qualifier Friday on the half-mile dirt oval at 33.07 seconds with Clyde Lindemann of Cottleville, Mo., second.

Spalding also won the first heat, trailed by Prior, while Lindemann topped the field in the second heat, ahead of Louie Janssen of Bebbula.

Harold Workman of Valley Park, Mo., was first in the checkered flag on the third heat with Ronnie King second.

Prior dominated the handicap event, leading the lead from start to finish. Ronnie King was second and Spalding third.

The semi-feature brought a hot race, with Prior leading Pat King, Schrader and Bobby Stanton of East Alton who finished second, third and fourth, respectively.

Bob Culbert of Granite City was victorious in the 15-lap hobby stock feature race, followed by Pat Walsh, Marion Petty of Caseyville and the hobby car heat event.

A race scheduled for Saturday night was canceled because of a lack of entries. Allied Auto Racing Association had planned a series of Saturday night races, including the 15-lap Saturday, but has dropped the plans.

Friday night races are sponsored by Central Auto Racing Association and will continue. Time trials each Friday have been changed to 7:30 p.m., with racing now starting at 8:30 p.m.

On base in the sixth inning, Lyeria tagged a solo four-bagger, also in the sixth.

Jack Scarborough had two triples and two RBIs, and Paul Stajduhar was three for four, with two RBIs.

Granite City is now 4-1 and Venice-Madison is 0-5.

Venice-Madison will play at 6 p.m. today at Alton and at 6 p.m. Wednesday at Wood River.

Granite City shut out East St. Louis 5-0 on the pitching of Randy Sturdivant Thursday in an American Legion baseball game.

Sturdivant, in picking up the win, struck out 11 East St. Louis batters and gave up four walks in seven innings. Sturdivant also helped himself at bat, going two-for-four with one run batted in. Also picking up hits for Granite City was Jack Scarborough who went two-for-three at the plate with one run batted in.

The clutch play of the game came in the second inning with the score 0-0 and East St. Louis having the bases loaded with one out when Greg Linhart, the shortstop, and Tim Brown, the second baseman, turned a ground ball into a double play to retire the side.

Then in the third inning Granite City came off the bench and picked up three runs that proved to clinch the victory. Granite City increased its lead by picking up a run in the fifth inning and a run in the seventh inning.

The GC Legion will play at 6 p.m. today at Alton and at 6 p.m. Wednesday at Wood River.

Venice-Madison will play at 6 p.m. today at Alton and at 6 p.m. Wednesday at Wood River.

Granite City shut out East St. Louis 5-0 on the pitching of Randy Sturdivant Thursday in an American Legion baseball game.

Sturdivant, in picking up the win, struck out 11 East St. Louis batters and gave up four walks in seven innings. Sturdivant also helped himself at bat, going two-for-four with one run batted in. Also picking up hits for Granite City was Jack Scarborough who went two-for-three at the plate with one run batted in.

The clutch play of the game came in the second inning with the score 0-0 and East St. Louis having the bases loaded with one out when Greg Linhart, the shortstop, and Tim Brown, the second baseman, turned a ground ball into a double play to retire the side.

Then in the third inning Granite City came off the bench and picked up three runs that proved to clinch the victory. Granite City increased its lead by picking up a run in the fifth inning and a run in the seventh inning.

The GC Legion will play at 6 p.m. today at Alton and at 6 p.m. Wednesday at Wood River.

Granite City is now 4-1 and Venice-Madison is 0-5.

Chicago Hubbard won the state high school baseball championship Friday night by defeating the Belleville West Maroons 3-0 at Peoria.

The two teams advanced to the finals in the morning as the Maroons blanked Aurora West 10-0 and Hubbard stopped Wilbrook of Villa Park 11-6.

In first-round games Thursday, Belleville West trounced Joliet West 3-1, Hubbard tripped Galesburg 10-8, Wilbrook blanked Lincolnwood of Raymond 5-0 and Aurora West stopped Lincoln 5-1.

Kevin Werner, Frank Paka and Piechocinski each garnered three hits.

Mercer trailed 7-3 in the last of the ninth and staged a three-run rally.

Ron Laws was the losing pitcher. He was relieved in the fourth by Vic Resznack, and Pat Harris came in to pitch in the seventh.

Don Harris hit a solo home run for Mercer in the eighth.

Steve Harris was four for five at the plate for Mercer, assisted by the Trian children, Julie and Derek.

The guests then were given a bucket of golf balls, each to drive and open the driving range. It is located on East 23rd Street.

Area man drowns while saving son in lake

Dale Louis Milam, 40, of Holiday Mobile Home Park, an employee of Granite City Steel Co., drowned at a small fishing lake near Carlinville, Ill., about 10:45 a.m. Sunday, while helping his son who was experiencing difficulties in deep water.

A deputy at the Macoupin County sheriff's office said the drowning apparently resulted from Mr. Milam's efforts to rescue his son, Kevin, 13, who swam out from the shore, where the pair was fishing, to retrieve a cork and became scared or suffered cramps and began crying for help.

It was the second drowning within three days in which Quad-City area residents were the victims.

The drowning occurred at Loveless Farm Lake, a small lake primarily used for shore fishing which is fairly deep, but not considered dangerous, the deputy said.

Donald James jumped into the water upon seeing his son in difficulty and began pushing the boy ahead of him toward the shore until the child was able to stand up, witnesses reported. The father then disappeared beneath the water. The body was recovered at 12:35 p.m.

Mr. Milam was pronounced dead at the scene by Macoupin County Coroner Conrad Dawson, who will conduct an inquest.

A lifelong resident of Collinsville until a short time ago, Mr. Milam had been employed as a switchman at Granite City Steel for 18 years and was a veteran of the Korean War and a member of the International Chemical Workers Union, Local 50.

Survivors include two daughters, Robin Mae and Patricia Milam, and his son, Kevin Milam, all of Collinsville; his parents, Lola Mae Milam of Collinsville and Guy L. Milam of Bend, Ill.; two sisters, Mrs. Shirley Crain of Belding, Ill., and Mrs. Norma Jean Motley of Collinsville; and a brother, Harold Milam of Collinsville.

Funeral arrangements are given in the obituary column.

St. Mary's wins 12-3, Mercer edged out 7-6

The St. Mary's Boosters won their first Inter-City baseball game of the season today by defeating Glen Carbon 12-3 on the Maers Industrial Park diamond Sunday.

Mercer was sneaked by Mercer 7-6 at Wilson Park Sunday.

John Piechocinski pitched a five-hitter for St. Mary's as he walked three and fanned 17.

"I have ever seen Sunday," Jim Greer, booster manager, related. "It must have been 400 feet.

"We have got ourselves together now and should be in the win column for the rest of the season. We are 1-1, but that ended up taking second place in the league."

Bob Scott, Madison High School baseball coach, tagged three for four including two triples, and had two runs batted in.

Kevin Werner, Frank Paka and Piechocinski each garnered three hits.

Mercer trailed 7-3 in the last of the ninth and staged a three-run rally.

Ron Laws was the losing pitcher. He was relieved in the fourth by Vic Resznack, and Pat Harris came in to pitch in the seventh.

Rep. Katz saw the need for legislative changes

By FRANK BERNARD
Copley News Service

SPRINGFIELD — People in Illinois just aren't used to hearing good things about their Legislature.

But the new edition of Samuel Gove's "Introduction to the Illinois General Assembly" describes it as "a modernized state legislature, ranked recently as third strongest in the country, behind only California and New York."

"The Illinois Legislature is a changed body from what one found 10, five, or even two years ago," states Gove, professor of political science and director of the Institute of Government and Public Affairs at the University of Illinois.

What brought about such a change?

Reapportionment, the statewide election of legislators (1964), and the founding of the Commission on the Organization of the General Assembly (1965), according to the report issued by the Citizens Conference of State Legislatures ranking Illinois third.

Criteria used in this appraisal was basically the procedures and structure, standing and facilities of the Legislature.

It was one of the "blue-ribbon" legislators, elected in 1964, who saw the need for an in-depth study of the operations of the legislative branch of state government.

Rep. Harold A. Katz, D-Glenview, a Chicago attorney, came to the General Assembly with considerable insight into its system.

He had served on the "veto force" during the 72nd and 73rd biennium sessions — 1961 and 1963 — one of a group of lawyers brought in to advise the governor on the feasibility of legislation at the end of each session.

"I saw that the system was an imperfect one," Rep. Katz said simply, in what could be called the understatement of the year.

Early in his first term in 1965, Katz introduced House Bill 163, creating the Commission on the Organization of the General Assembly (COOGA). He was elected chairman of the bipartisan 22-member body, a position he still holds.

The commission undertook the systematic modernization of the General Assembly.

Now the timetable set a deadline to introduce bills,

"We had two extraordinary able leaders serving 'ex officio' on the commission, Senate President pro tempore W. Russell Arrington and House Speaker John P. Touhy," Katz said. "That affected the course of events."

Sen. Harris W. Fawell, Naperville, was vice chairman, and the late Rep. Marjorie Tebworth was secretary. Ten public members included distinguished representatives of business and management, plus university professors such as Prof. Gove.

At that time, there were no office facilities at all for the representatives; no professional staffing, no deadline scheduling to insure an even flow of bills under consideration, and in fact practically no regard for any sort of rules for the orderly procedures of business.

Committee sessions were just six months out of every 24.

Bills were printed under archaic regulations set in 1870, and amendments were not printed at all but usually voted upon without being given due consideration.

Committee hearings were often bypassed completely, or postponed without any notice to the public, and voting by proxy in committee was common.

"It seemed like a private club, not like a public body," Rep. Katz recalled. "The only concern was for the sponsor of the bill and for the members of the House. No one worried about the 12 million people of Illinois. There was no recognition of the public right to be heard."

The crush of work — the "log jam" — at the end of each session was of primary importance. The commission recommended a legislative procedures schedule and timetable be established for both houses, to govern each phase of work from bill introduction to final passage.

In 1965, before scheduling took effect, the General Assembly passed 56 bills between June 1 and 15, and 1,355 between June 15 and 30. Of those, an unbelievable 1,363 or 61 per cent of the total bills were passed in the final week alone.

Bills were still being introduced as late as June 25, five days before adjournment, in 1965.

Now the timetable sets a deadline to introduce bills,

other than those dealing with appropriations or revenue. This year 1,917 bills were introduced in the House and 1,138 in the Senate by May 1. Deadlines have been set for each step of the way through committees.

Perhaps the most significant contribution in upgrading the quality of legislative performance was the professional staffing for the leadership and key committees.

"Sen. Arrington took the ball and ran with that one," Katz said. "He showed imaginative and vigorous leadership in hiring unusually competent people. He was quite aware of the importance of brains in the legislative process."

Committee hearings are now difficult to bypass. Notices of committee hearings must be posted six and a half days in advance, and committee votes are now published for public information. Also, an information booth outside the legislature building is maintained in the House this session.

The last vestige of proxy voting has been eliminated in the House, with Speaker W. Robert Blair, R-Park Forest, relinquishing his proxy vote during the sweeping reforms initiated in the House this session. However, the Senate still clings to the practice.

The entire system for legislative printing and publication has been overhauled. Legislators now have copies of amendments before them before they must vote.

"Gradually, we have increased our accountability," Katz pointed out, adding, "We have never worked so hard."

Factories in space believed possible

The possibilities of carrying out manufacturing processes aboard space laboratories show considerable promise for the future, according to L. R. Wickham, Jr., of the Electronics Research Laboratory, University of Illinois.

He said that the use of space for manufacturing electronic components is a possible application of space technology that could result in cost savings in computer space.

36 hits and 43 runs give Legion 3 wins

The bats of the Granite City American Legion baseball team were busy busting out 36 hits and producing 43 runs as the squad won 5-0 at East St. Louis Thursday.

27-4 over Venice-Madison at Lee Park in Venice Saturday and 16-1 at Lebanon Sunday.

At Lebanon, Mike Stanton not only was the winning pitcher but hit a three-run homer in the fourth inning. Frank Streicher and Tim Lyeria each hit grand slam home runs.

GC totaled 14 hits and one error and Lebanon three hits and two errors.

In Saturday's action, Venice-Madison scored two runs in each of the fourth and sixth innings and totaled two hits and eight errors.

Granite City committed two errors and tagged 22 hits, scoring by innings 5-0-4-3-4.

Stanton got credit for the win. He came in for Gary Simpson in the fourth inning.

Stanton led the hitting with five for five at the plate, including a home run with two men on base.

Early summer blossoms and candlelight create setting for Quad-City brides

MARRIED IN JUNE. Mr. and Mrs. Randy Suchich, whose wedding took place in Collinsville. The bride is the former Miss Fay Baize, a daughter of Mr. and Mrs. John Baize of Granite City.

Sucich-Baize nuptials

Miss Fay Baize, a daughter of Mr. and Mrs. John Baize of Granite City, became the bride of Randy Suchich, a son of Mr. and Mrs. Rudy Suchich of Madison, on June 2 in Collinsville.

Associate Judge William Johnson of Collinsville performed the double ring ceremony.

Mr. and Mrs. David McClellan of Madison were the couple's only attendants.

A family dinner was held immediately following the ceremony at Charlie's Restaurant. The former Miss Baize was

graduated from Granite City High School in 1968. She presently is employed in St. Louis.

Her husband, a 1967 graduate of Madison High School, works in Madison. The newlyweds will reside in Granite City.

FORMER RESIDENTS NAME DAUGHTER DEBRA ELLEN

Dr. and Mrs. William Moss of Oak Park, Ill., are announcing the birth of their second child, a daughter, born June 2. She has been named Debra Ellen and weighed seven pounds, 13 ounces.

The couple also has a two-year-old son, Derek. Grandparents are Mr. and Mrs. John Tonoff of Granite City and Mr. and Mrs. Harold Moss of Decatur.

Honor Circle closes season

A potluck luncheon preceded the final business meeting of Honor Circle at Niedringhaus United Methodist Church last week, attended by nine members and seven guests. Mrs. Eva Evans, hostess for the day, served a dessert course.

Mrs. Clara Wadlow conducted the business session and announced that 14 sick calls were made during the past month. Mrs. Ruth Johnston presented the devotions taken from an article written after the death of the Rev. Peter Marshall, entitled "Hands of God."

Guests present were Mrs. Lucy Weaver, president of the United Methodist Women's Organization, and Mesdames Edith Ederton, Lynn Allen, Eula Davis, Charles Reimers, John Davis and Miss Elva Miller. Members attending were Mesdames Ida Cox, Mildred Cundiff, Beulah Fox, Augusta Pennington, Wilfred Reimers and Pearl Campbell.

Service couple welcomed home

Mr. and Mrs. Robert (Patty) Zaruba were guests of honor at a welcome home barbecue dinner given by her parents, Mr. and Mrs. Daniel Winkler, at their home, 4202 Breckenridge Lane.

Zaruba was discharged recently from the service. He was last stationed at Kona City, Oahu, for 16 months with the 62nd Military Police Company. His wife spent the past 12 months with him at the overseas base.

Guests attending the party were Mr. and Mrs. Frank Zaruba, Eddie Zaruba, Mr. and Mrs. Gilbert Ellis Jr., Mr. and Mrs. Gary Ellis, Mr. and Mrs. Al Lowe, Mr. and Mrs. Cecil Cory, Evelyn and Joe Warner, Linda Lickenbrock, Lois and Mike Rehms and Danny Winkler.

GABRIEL SHRINE 78 TO HONOR MEMBERS

Gabriel Shrine 78, Order of the White Shrine of Jerusalem, will meet at 7:30 p.m. Thursday at the Masonic Temple to honor Mrs. Mary Ann Dellart, noble prophetess and Charles Meador, associate watchman of shepherds. It was announced today by Mrs. Karmyn Edmonds, worthy high priestess.

According to Charles Youngs, watchman of shepherds, fathers and brothers also will be honored guests.

MRS. BRUCE BAUMBERGER, who was married Friday evening at the United Methodist Church in Hartford, Ill. She is the former Miss Sandra Coyle, a daughter of Mr. and Mrs. John R. Coyle of Hartford.

Sandra Coyle becomes Mrs. Bruce Baumberger

Arrangements of white daisies, and white miniature carnations, tipped in light blue and yellow, together with baby breath, decorated the altar and burning tapers in candelabra illuminated the aisle and sanctuary for the evening wedding on Friday of Miss Sandra Coyle and Bruce Baumberger at the United Methodist Church in Hartford.

Parents of the bride are Mr. and Mrs. John R. Coyle, 104 E. 4th St., Hartford. The groom is a son of Mr. and Mrs. Roy Baumberger, 2418 Woodlawn Ave.

Wedding selections were provided by Mrs. Shirley Green at the organ and Mrs. Willard Chapman, pianist, who accompanied the soloist, Greg Heav-

ner. The Rev. Don DuRall performed the double ring ceremony at 8 o'clock.

For her wedding, the bride chose a floor-length gown of white organza over tulle featuring a natural waistline. The fitted bodice was designed with a sheer yoke trimmed with Venice lace.

Insertion ribbon formed the stand up collar, extended the bishop sleeves and extended down the front of the gathered skirt.

A chapel-length train was enhanced with Venice lace and ribbon trim and secured at the back waistline with an organza bow.

A Venice lace profile headpiece held in place her cathedral-length veil, edged in matching lace, and she carried a cascade bouquet of baby breath, white miniature carnations tipped in blue and white Sweetheart roses looped with white velvet ribbon.

Matron of honor, Mrs. Wesley Warner, bridesmaid, Miss Laura Maupin, and the flower girl, Miss Diana Chapman, were dressed in identical gowns of powder blue flocked organza fashioned in Empire style.

Ruffles created the collars and cuffs of the long sheer sleeves and formed a deep flounce around the hem of the A-line skirts.

The adult attendants held nosegays of white miniature carnations, accented in blue and yellow, white daisies and baby breath. A basket filled with similar blossoms was carried by the flower girl.

David Baumberger, a brother of the groom, served as best man, with Jeffrey Boyer as groomsmen. Ushers were Dennis and Donald Coyle, brothers of the bride, and the ringbearer was Alan Mollet.

A reception was held in the church social rooms after the service. The rehearsal dinner took place at Ridel's Restaurant in a wedding trip to Indiana, the couple will reside in Wood River.

The former Miss Coyle, a 1970 graduate of Wood River High School, is now a junior student at Southern Illinois University at Edwardsville. She is employed in the School of Dentistry, Office of Education, in Alton.

Mr. Baumberger was graduated in 1970 from Granite City High School. Also a junior at SIUE, he is working at the Farm Fresh Dairy Store in Granite City.

St. John Guild honors 19 'goldenagers'

Nineteen goldenage ladies of St. John United Church of Christ were honored Thursday by members of the Afternoon Guild at a luncheon meeting in the Fellowship Hall.

A potluck luncheon was served at the noon hour with the guests

of honor seated at a special table decorated with multi-colored ribbons, pink candles and a basket of pink carnations. Each honoree was presented a pink tea rose.

The Rev. Karl Eschenbrenner, new assistant pastor at St. John's Church, gave the invocation and Mrs. Karmyn Edmonds, guild president, offered the devotional topic "The Search is on for God."

"The Middle Age Life Levels Off," a poem written by Jim Bishop, was read by Mrs. Grace Ham and Mrs. Helen Schaffer presented "The Pictured Father," a reading commemorating "Father's Day."

Mrs. Edmonds reminded members of the guest day program tomorrow at St. John United Church in Collinsville and plans for an August picnic were reviewed by the chairman, Mrs. Marie Widdows. The Fellowship of the Least Coin service was led by Mrs. Ellen Ehler.

Mrs. Laura Flach was selected as the "lady of the month" with the group singing her favorite song and repeating the 23rd Psalm in unison.

Goldenage members honored at the luncheon were: Mrs. Edmonds Anna B. Meyer, Minnie

Navy Mothers donate to fund

A \$25 donation to the Ronald Lowe Fund was authorized by members of the Quad-City Navy Mothers, Unit 830, at a meeting Thursday evening at the VFW Hall, 2044 Washington Ave.

The gift will aid the Granite City family meet financial debts incurred from an auto crash which killed the Lowe's 6-year-old daughter, Michelle, critically injured an 8-month-old daughter, Melissa and will incapacitate the father, a veterinarian, for an estimated nine to 12 months, Mrs. Mary Lee Butler, commander, explained to the club.

Other projects of the unit were reviewed and a social evening was planned for June 21. Mrs. Gary Downing received the "mystery" package. Sixteen members attended the business meeting.

Harris School Mothers install

The Madison Harris School Mothers' Club installed new officers last week at a dinner party and the final meeting of the school year.

Dinner was served at Temple's Smorgasbord on Johnson Road and the installation was conducted by a past president, Mrs. Mae Hendrickson.

New officers installed are: Mrs. Janet Schultz, president; Mrs. Evelyn Holt, vice-president; Mrs. Donna Crook, secretary and Mrs. Rose Lawrence, treasurer. Each was presented a corsage of pink and white carnations.

Victoria Schodroski, Patrick Downey wed

St. Mark's Catholic Church in Venice was the scene of the wedding Saturday evening of Miss Victoria Ann Schodroski, a daughter of Mr. and Mrs. John V. Schodroski, 619 Lincoln Ave., Venice, and Patrick Michael Downey, son of Mr. and Mrs. Thomas Downey, 940 N. 46th St., East St. Louis.

Students of the bride, a teacher at Melville Senior High School, sang several selections prior to the service. Music included "Sunrise, Sunset," "We've Only Just Begun" and "The Wedding Song."

The Rev. John O'Connell performed the double ring ceremony at 7:30 o'clock.

For her wedding, the former Miss Schodroski wore an exquisite white cotton over-silk organza gown, designed with a molded tuxedo bodice, featuring a high collar and tiny covered buttons marking the center front of the gown. A band of Cluny lace defined the high rise waistline and formed front panels on either side of the button accents.

Long tapered sleeves were tightly cuffed with Cluny lace, accented with pink satin ribbon, and the highly gathered skirt, encircled with a ruffled flounce, swept gently into a cathedral-length train.

A halo style headpiece of Cluny lace secured her long veil of bridal illusion edged in a matching band of lace, and she

carried a colonial bouquet of pink roses and white carnations.

Miss Rita Schodroski, a sister of the bride, was maid of honor and Mrs. Frederick C. Ramen, an aunt of the bride, Miss Diane Wenc, and Miss Deborah Schodroski, a cousin of the bride, served as bridesmaids.

They were dressed alike in pink gowns flocked with white flowers, designed in an Empire style. Each attendant wore a white wide brimmed hat trimmed with pink ribbon and held a white parasol filled with pink carnations and festooned with pink and purple ribbons.

Attending the groom as best man was Robert Metcalf, James Wilder, Robert Metcalf, William Schojrozki, a brother of the bride; Thomas Counts and the groom's brother, completed the corps of groomsmen and ushers.

Members of the wedding party and their families attended the Hawaiian luau at Southern Illinois University at Edwardsville following the church rehearsal.

A reception for guests was given at the Venice-Madison American Legion in Venice immediately following the service.

After a wedding trip to Colorado, the newly married couple will be at home in St. Louis after June 24.

The bride is a graduate of St. Teresa Academy and SIUE. She is a psychology teacher at Melville High School.

The bridegroom was graduated from Assumption High School in East St. Louis and SIUE. He presently is employed as head of the linen department at Stix Baer and Fuller Co., Crestwood, Mo.

MRS. PATRICK DOWNEY, the former Miss Victoria Ann Schodroski, a daughter of Mr. and Mrs. John V. Schodroski, 619 Lincoln Ave., Venice. She was married Saturday evening at St. Mark's Catholic Church.

Rev. and Mrs. Boda are honored

The Rev. and Mrs. Samuel Boda were honored last week on the occasion of their 25th wedding anniversary by relatives, friends and members of St. John Lutheran Church, where the Rev. Boda serves as pastor.

Dinner was served in the church fellowship hall by the Women's Service Guild and congregation members.

Serving as toastmaster for the evening was Seminarian Godfrey Jarabak, son-in-law of the honorees. He presented a program of reminiscences by showing on a screen, using an opaque projector, pictures of the honorees guests on their wedding day. Taped music in the background reflected the same selections played during the ceremony.

Rhonda Hollis shower honoree

Miss Rhonda Hollis was honored with a pre-wedding shower at Grace Baptist Church, Hostesses were Mrs. LaVerne Dawson, Mrs. JoAnne Patterson, Mrs. Gloria Joyce and Mrs. Marlene Reiter.

The church fellowship hall was decorated with crepe paper streamers in the colors to be used in the wedding. There were white wedding bells.

The gift table was centered with a large blue lace-covered umbrella. The refreshment table held a bride doll.

Games were played, prizes being awarded to Mrs. Dorothy Pulley, Mrs. Wilma Parker and Mrs. Faye Hester.

With the assistance of Miss Dana Hollis and Miss Donna Patterson, the honoree opened her many gifts, after which refreshments were served.

Those in attendance were Mesdames Barbara Martin, Jean Martin, Georgia Edwards, Arizona Hollis, Thelma Phillips, Merle Price, Helen McKinney, Betty Welsh, Carol Brinker and son Jason.

Mesdames Dorothy Keel, Joyce Kimbro and daughter, Lynn Morgan, JoAnn Vaughn, Lenore Welty, Karla Keel, Faye Hester, Dorothy Pulley and Wilma Parker.

Miss Hollis will become the bride of Patrick Martin on June 23 at the First Assembly of God Church.

His parents are Mr. and Mrs. Clavis Martin, 2519 Ivy Lane. She is the eldest daughter of David Hollis, 2604 Angela Drive, and of Mrs. Joyce Kotoff, 2914 Victory Drive.

Candlelight setting for Fiedler-Gabriel nuptials

St. Elizabeth Catholic Church was the scene of the Saturday afternoon wedding on May 26 of Miss Elizabeth Gabriel, a daughter of Mr. and Mrs. Henry Gabriel, 3656 Terrace Lane, and James Fiedler, son of Mr. and Mrs. Rolland Fiedler, 304 Bradley Ave.

The Rev. L. J. Mattingly performed the double ring ceremony at a Nuptial Mass.

White satin bows marked the pews. On the altar were burning tapers in brass candelabra, large ferns and bouquets of large white mums, an accent of green Fugie mums with pink baby's breath.

During the ceremony Stephen Nonn playing the guitar, accompanied by Mrs. Nonn, sang "If The First Time Ever I Saw Your Face" and "We've Only Just Begun."

Mr. Gabriel escorted his daughter down the white carpeted aisle and gave her in marriage. The bride wore a floor-length gown of candlelight raw silk, featuring a princess silhouette accented by re-embroidered Alencon lace highlighting the bodice.

Alencon lace formed the stand-up collar, cuffed the long puffed sleeves and created a deep ruffle flounce at the bottom of the gown. A camelot cap secured a candlelight cathedral-length veil edged in Alencon lace.

The bride carried an elegant bouquet of ivory bridal roses surrounded by pink baby's breath entwined with ivy.

Miss Jane Gabriel, sister of the bride, was maid of honor. Bridesmaids were Karen Gabriel, another sister of the bride, and Mike Graklanoff.

Frank Stadnick Jr., served Mr. Fiedler as best man. Groomsmen were Connie Ybarra and Mike Graklanoff. Gary Gabriel and Martin Fiedler completed the corps of groomsmen and ushers.

The maid of honor and the bridesmaids wore floor-length gowns of ivory sheer silk organza, patterned with pink and avocado roses, with an underlay of tulle. The dresses were sleeveless topped by a long sleeve bolero jacket trimmed with old fashioned ivory lace.

They wore hairbrad picture hats in a matching color of delicate pink. Each carried a colonial bouquet of white daisies and pink baby's breath with avocado satin streamers surrounded by lace.

MR. AND MRS. JAMES FIEDLER. Their marriage took place at St. Elizabeth Catholic Church in an afternoon ceremony. The bride is the former Miss Elizabeth Gabriel, a daughter of Mr. and Mrs. Henry Gabriel, 3656 Terrace Lane.

Barracks 34 selects delegates

Madison Barracks 34 and Auxiliary, Veterans of World War I, met last week at the VFW Hall, 2044 Washington Ave., to select delegates to attend the state conventions, to be held July 12 to July 15 at Peoria.

Members were advised of a 14th District meeting, scheduled Sunday, at the Steelworkers Club in Alton. A potluck dinner is planned at 12:30 p.m., followed with the election and installation of district officers.

At the local meeting, a joint luncheon was enjoyed, with separate business session conducted by Raymond Scott, Barracks 34 commander, and Mrs. Clara Knipping, auxiliary president. Members made plans to entertain veterans at the Alton State Hospital and to arrange an installation ceremony for new auxiliary officers in July.

Guests attended the event from Alton, Wood River and Collinsville.

Dr. Ruffner to direct area education council

Dr. Ralph W. Ruffner, senior vice-president at Southern Illinois University at Edwardsville, has been elected executive director of the Metro-East Regional Council on Interinstitutional Cooperation. Dr. Eric N. Rackham, president of McKendree College and council chairman, has announced.

Ruffner will continue to serve as senior vice-president for planning and review at SIUE and will devote part time to council affairs. Dr. John S. Rendleman, SIUE president, said. The council's executive office will be maintained on the SIUE campus.

The 31-member council, organized last October, is composed of public and private colleges and universities in the Illinois area. It was formed to promote area "common in a 'ket'" educational opportunities. The election of an executive director is "a significant first step in the growth and development of the council, and the choice of Dr. Ruffner is especially appropriate because of his broad experience in higher education," Rackham said. "The council hopes to increase educational offerings for the metropolitan area through this new program of interinstitutional cooperation," he said.

"Members of the organization are Belleville Area College, Blackhawk College at Carlinville, Greenville College, Kaskaskia College at Centralia, Lewis and Clark Community College at Godfrey, McKendree College at Lebanon, Parks College of Aeronautical Technology, Principia College at Elmhurst, Rend Lake College at Ina, Southern Illinois University at Edwardsville and State College at East St. Louis.

Ruffner has been a vice-president at SIU since 1964 when he was appointed vice-president for students and area services. He was vice-president for area and international services from 1968 to 1970, when he was named a system vice-president. He became senior vice-president for planning and review at SIUE in 1972.

The new council executive director earned a bachelor degree at the University of Maryland and masters and doctoral degrees in education at George Washington University in Washington, D. C. He is a former assistant dean of the School of Education at George Washington and served from 1956 to 1959 as chief education adviser of the International Cooperation Administration in New Delhi, India.

Ruffner was director of the Office of Educational Services at SIUE.

Percy offices centralized in Springfield

Sen. Charles H. Percy has announced that his assistance service to individual citizens will be centralized into his Springfield office. Percy, who maintains offices in Washington and Chicago as well as Springfield, cited the importance of "communicating with Illinois residents from an office in the heart of the state, closest to the people, rather than from 1,000 miles away."

The senior Illinois Senator pointed out that though the headquarters of all federal agencies are in Washington, his Springfield staff is familiar with the workings of the Federal government and is in daily touch with the pertinent Federal agencies.

Percy said that each year increasing thousands of his constituents contact him for assistance.

"An elderly couple, for example, may be concerned about a Medicare check," he said. "Or a young veteran may have questions about his G.I. benefits. Sometimes people simply don't know where to turn to find solutions to problems that they feel the government can help solve."

Percy urged constituents seeking assistance to contact him, in writing, at Room 117, 600 East Monroe St., Springfield, Ill., 62701. Inquiries should include a succinct description of the case, any pertinent serial or social security numbers and copies of any previous correspondence with Federal agencies involved, he added.

Canal freight drops due to spring flood

Officials of the U. S. Corps of Engineers last week released the monthly report for the Chain of Rocks Canal for April.

The report showed that 2,299,170 tons of freight had been shipped through the locks, despite flood conditions which closed the canal from April 3 to April 11 and from April 29 to May 16.

The April tonnage showed a sharp drop from the 4,405,790 tons reported in March and is below shipments of 4,905,244 tons in April 1972.

The April total included 2,297,070 tons of commercial freight, 1,400 contractor tons and 500 tons of government shipments.

A total of 2,926 vessels passed through the locks in April and 341 lockages were logged.

Bicyclist, 8, reports being struck by auto

Carl Ray Whitworth, 8, of 2022 Rhodes St., Madison, was injured when his bicycle was reportedly struck by an auto in the 2000 block of McCasland Avenue, Madison, last week. The car, which the boy said was a light blue auto, left the scene.

He was taken to St. Elizabeth Hospital, where he was admitted with abrasions and contusions to his head and right shoulder and abrasions to his left shoulder, lower lip and right side of his back.

OPEN MONDAY THRU SATURDAY 9:30 A.M. - 9:30 P.M.

Miss Andrea Tharp is wed at Hope Lutheran

Miss Andrea Tharp, a daughter of Mr. and Mrs. Ralph E. Tharp Sr., 233 St. Bernard Ave., became the bride of Kenneth Paul Brodzinski, son of Alex Brodzinski, 11638 Hannibal Drive, Spanish Lake, Mo., at 7 o'clock Saturday evening at Hope Lutheran Church.

Officiating at the double ring ceremony, performed in a candlelight setting, was the Rev. J. Louis Oetting, assisted by the Rev. Daniel Flynn of Sacred Heart Church. The altar was adorned with bouquets of white flowers and greenery.

Albert Froelming presided at the organ, playing "Jesu, Joy of Man's Desiring" for the processional, "Trumpet Voluntary in D Major" as the recessional and "Let Us Ever Walk With Jesus." He also accompanied Mrs. Terry Land as she sang "The Lord's Prayer."

The bride, who was escorted down the white carpeted aisle and given in marriage by her father, chose a gown of imported silk organza and re-embroidered Alencon lace made in classic styling.

The high fitted neckline was bordered in lace, embellished with seed pearls. Jeweled lace motifs were applied on the Empire bodice and created a lavish trim on the long tapered sleeves.

A removable train, attached at the back waistline and falling gently into a court train, was enhanced with matching lace motifs and bordered with Alencon lace to accent the silhouette A-line skirt.

She wore a camelot headpiece of lace etched with seed pearls to secure a melody-length veil of imported French bridal illusion. The bridal bouquet was a cascade of white rose leaves and dainty sprigs of baby breath.

Attendees included Miss Rhonda Tharp, sister of the bride, maid of honor, Mrs. Alan Tharp, the bride's sister-in-law and Miss Becky Elit of Mount Prospect, Ill., a college classmate of the bride, as bridesmaids.

Gowned alike in Nile green chiffon, their dresses were made with open necklines and round collars of white crepe, edged in Vail lace.

The Empire bodices had set in cummerbunds and the bias cut skirts fell in softly draped folds. Full bishop style sleeves were tightly cuffed and edged in matching Vail lace.

A narrow set of streamers was tied at the back of their gowns and each carried a crescent cascade of white carnations and greenery.

Frank Brodzinski, a brother of the groom, served as best man. Louis Kampelman and Dennis Sprague were groomsmen and Ralph Tharp Jr., a brother of the bride, and Louis Houle Jr., seated the guests.

For her daughter's wedding, Mrs. Tharp selected a long blue gown of silk jersey featuring a V neckline and long fitted sleeves. The Empire bodice was enhanced with pearls and Venise lace and she wore a white cocktail orchid.

Mr. Brodzinski, father of the groom, was host at a rehearsal dinner given at the Round Table Restaurant in Collinsville.

Mrs. Ralph Tharp Jr., a sister-in-law of the bride, attended the guest book at a reception attended by 300 guests at Lewis and Clark Restaurant, East Alton, immediately following the service.

Also assisting at the reception were Mrs. Walter Ziegler, a sister of the groom and Mrs. William Leahy, the groom's cousin.

After a wedding trip, Mr. and

Mrs. Brodzinski will reside in St. Louis.

The bride received a bachelor of science degree in home economics at Western Illinois University. A graduate of Granite City High school, she is now a teacher at the high school.

Her husband, a graduate of the St. Louis schools, earned a bachelor of science degree in physical education and a master's degree in educational administration at Southern Illinois University at Edwardsville. He is employed as a teacher in the Hazelwood (Mo.) School District.

Among the out-of-town guests here for the wedding were: Mrs. John Frangoulis, Largo, Fla., grandmother of the bride; Dr. and Mrs. Alan Tharp, Raleigh, N. C., brother and sister-in-law of the bride; Mrs. Mamie Barnes, Detroit; Mich.; Mr. and Mrs. Allen Smith, Clawson, Mich.; Miss Joan Gruszecki, Hannoverton, Ohio; Mr. and Mrs. Paul Jakubowski and children, Gene, John, and Nancy, and Mr. and Mrs. Thomas Sevek, all of Warsaw, Ohio, cousin of the groom; Mr. and Mrs. Bradford Hedrick, Hinsdale, Ill.; Mr. and Mrs. Luchien Hinton, Kirkwood, Ill.; Mr. and Mrs. William Armstrong, Elmhurst, Ill.; Mr. and Mrs. John Finkes, Peoria;

Mr. and Mrs. Allan Hinton, Mableton, N. C.; the Rev. and Mrs. James McClymont and children, Mark and Marsha, Hillsboro, Ill.; Mr. and Mrs. Stanley Shirley, Memphis, Tenn.; Mrs. Genevieve Wagner, Mond Dwell, Wheeling, Benton, Mo.; and Mr. Raymond Dwell, Wheeling, Ill.; Mr. and Mrs. Charles Wagner, Downers Grove, Ill.; Mr. and Mrs. Donald Wagner, Benton, Ill.; Mrs. Stella Jakubowski, Salineville, Ohio; and Mrs. Helen Gruszecki, Hannoverton, Ohio.

Don't forget the Alton Shrine Circus tonight and tomorrow night at the Belle-Claire fairgrounds in Belleville. Tonight is the regularly scheduled performance and tomorrow night is a make up show for the one that was rained out last Monday here.

An interesting new item arrived last week. These are the Mark III "Sizzler" portable barbecue grills. These are small grills with a 13 inch cooking area and just enough room for charcoal. The grill height is adjustable and the unit is all metal and stands on its own legs. The real amazing part is the price — only \$1.69. Come in and check these out, we have about forty left and when they are gone there will be no more.

Also new for your summer barbecue is "Hickory and Spice" Smoke Sizz. This is a granulated mixture of hickory and assorted spices that you simply shake out over your foods and it produces that wonderful spicy hickory aroma. A thirteen ounce can sells for only 49¢.

Don't forget Father's Day next Sunday. Hurry in and you can still purchase some of our Daxson and Polyester shirts for only \$2.99 or 5 for \$10.00.

MEMORIAL GIFT. A steel magazine rack is presented to the Madison Public Library in memory of the late Mrs. L. C. Harlan Sr., who served as library board president from 1922 until her death in March. The gift was purchased by the Madison Junior Service Club, a group organized and sponsored by Mrs. Harlan since 1935. Accepting the rack is Mrs. Louise Lewis, librarian, at left. At right are Mrs. Lillian Delps, chairman of the club project, center, and Mrs. Billie Bosworth, Madison Junior Service president.

Madison club presents memorial gift

A mellow white steel magazine rack has been purchased and donated to the Madison Public Library by the Madison Junior Service Club in memory of the late Mrs. L. C. Harlan Sr., who organized the club in 1935 and served as its sponsor until her death in March of this year. The inscription engraved on a memorial plate and attached to the rack reads "In memory of Mrs. L. C. Harlan Sr., sponsor, Madison Junior Service Club, 1935 to 1973." This project was conceived in appreciation of her continued interest and devotion to the philanthropic and social work of the Junior Service Club and to commemorate her lifetime of service to her community."

Unidentified objects described to Rotary

"Unidentified flying objects" was the subject discussed by Clarence Dargie of 2727 S. Illinois, a retired Air Force officer who served on the UFO investigating committee, at a meeting of the Granite City Rotary Club last week at the YMCA. Dargie told the members he had seen his first "object" in 1950 and became interested in the research. He now has information on unexplained objects dating back many years, it was related. Dargie is an active member of a UFO club in the St. Louis area and was on a team that looked into Piedmont, Mo., reports.

Program chairman was Robert Miller and Richard West, president, conducted the meeting. Reports were given by Rotary members who have attended Granite City Council meetings.

Edward Reinagel noted that the annual installation dinner dance for members and their wives, will be held Friday at Sunset Hills Country Club. Wayne Scannell will provide music for dancing.

Workshop for tambura players planned here

A six-week workshop for tambura players will be offered beginning June 16 at Southern Illinois University at Edwardsville.

The workshop will meet at 10 a.m. for two hours each Saturday for six consecutive Saturdays in the basement of the Peck Classroom Building.

The tambura is a stringed instrument that produces a single sound or drone. It normally accompanies other instruments.

The workshop is designed for intermediate players of the instrument. It is sponsored by the Slavic and Eastern European Friends of the University.

There will be no charge for the workshop. Additional information is available from Mrs. Adolph Gruber, 1105 24th St., Granite City, telephone 876-2852.

Miss Patricia King graduates as nurse

Patricia King of Granite City, a nursing student at Southern Illinois University at Edwardsville, received her cap and gown at ceremonies Friday evening on the SIUE campus.

The invocation was given by Sister Marie Keldermans, and Loreen Nodine gave the welcoming address. Sister Marie and Nodine were also pin recipients.

Dr. Lucille McClelland, dean of the SIUE Nursing Division, was principal speaker at the ceremonies. She also assisted the nursing faculty in presenting pins to 50 nursing students.

Miss King, who resides at 4047 Kathy Drive, plans to join the nursing staff at the John Cochran Veterans' Hospital in St. Louis.

Comment and analysis

James Monroe Jr. a scholarly and talented judicial officer

Controversial throughout his 16-year career as a jurist, including May 30 when he ruled on Madison school segregation procedures, Circuit Judge James O. Monroe Jr. nevertheless was widely respected for his intellectual ability and his scholarly articles on legal and journalistic topics.

His untimely death in a traffic accident is a severe blow not only to Collinsville and Madison County residents but to a much wider circle of friends and admirers.

The World War II veteran served

SkyLab space mission shows U.S. ingenuity, resourcefulness

The Skylab space mission is now back on the track after a suspenseful repair of a damaged space vehicle. Skylab Commander Charles Conrad Jr. and his crewmates, Paul Weitz and Dr. Joseph P. Kerwin, are now confident they can spend their scheduled 28 days aboard their orbiting laboratory and leave it in condition to receive two more crews of astronauts for 56-day missions later this year.

A space station with complex life-support systems is, by its very nature, vulnerable to unforeseen problems, but the accident which befell Skylab during its launch has increased rather than diminished confidence in our space program. While it showed how a costly space project can be jeopardized by "gremlins" in a spacecraft, it also showed how skill and ingenuity, if given a free rein, can set matters right even in the face of the staggering technical problems of space flight.

Our space agency in this case succeeded in overcoming a malady common to heavily organized enterprises in government, business and industry. The framework of the make-shift, "parasol" which is now keeping Skylab aloft consists of four telescoping fishing rods which a space engineer bought for \$12.95 each at a Houston sporting goods store. We can imagine the fate of Skylab if developing this sunshade had followed regular channels—design study and analysis, drafting of specifications and requisitions, and all the other red tape that can turn a simple, effective idea into a "program" consuming vast amounts of time, labor and money.

TWO JIMA PORTRAYAL THRILLING EXPERIENCE

To the Editor:

Amvets Post 51, Granite City, entered a float in the Shriner's annual parade. Thursday evening, May 31, the theme being the two Jima historic flag-raising during the final phases of World War II in the Pacific.

The float met with tremendous applause from the minute it started to roll to its very end—a real tribute to the American flag; it was illuminated and fluttered in the evening breeze while members of the Amvets, uniformed as Marines, held the historic position of the actual scene on top of Mount Suribachi at Iwo.

Four participating Marines were from the East St. Louis recruiting office—professionals and combat veterans. They held the position of parade rest for over two hours, the length of the parade.

Their snappy blue dress uniforms and they themselves added to the BEING ABUSED IN CITY part of the scene as the Amvets were portraying.

These Marines have been all over the world, and they told me they never meet the enthusiasm and response they received in this parade.

If made all of us feel proud, to see how realistic the scene was. We thank all of the people, and those who personified the scene, for giving us the most heartwarming comments.

The four actual Marines were Sgt. W. E. Tatum, S. Sgt. W. L. Bishop, Sgt. L. R. Greenlee and Sgt. R. W. McMillen.

The local Amvets were Rex Manninger, Steve Konkovich, John Logan, Adam Petras, Leo and — a real tribute to the American flag; it was illuminated and fluttered in the evening breeze while members of the Amvets, uniformed as Marines, held the historic position of the actual scene on top of Mount Suribachi at Iwo.

Adequate funding justified for Downstate teacher retirement

(Springfield bureau)

FOR many years elderly Downstate school teachers have moved into retirement with no real assurance that they would receive pensions adequate for a life free from financial worries.

Unlike state-backed pension systems for other public employees including Chicago school teachers, the Downstate teachers retirement fund has been without reliable funding, despite substantial payroll contributions from the teachers themselves.

What has kept the system going has been frequent temporary appropriations at various legislative sessions. The legislature has provided the additional money needed to enable payments to pensioners to match contributions from working teachers.

But this has been a risky procedure. There has been no telling when a tight overall squeeze on available moneys would leave the retired teachers out in the fiscal cold. Now a sound proposal has been

Illinois House ducking the issue of 'lame duck' pay raises

(Springfield bureau)

IT hardly rates as a surprise but the House Executive Committee has quietly killed a bill which would have barred Illinois legislators from voting themselves pay raises during lame duck sessions.

This has been the handy route to ever bigger pay checks in recent years. The after-election sessions enable lawmakers, who have been re-elected, to woo support from their defeated colleagues and swoosh through a pay hike.

By the lame duck maneuvering lawmakers have been able to bypass the constitutional prohibition

Glaring flaws in McDonnell plan

Guest column by Arven H. Saunders, executive director of the St. Louis Metropolitan Area Airport Authority.

A very unusual position has been taken by James S. McDonnell, chairman of McDonnell Douglas Corporation, in his latest statement on Lambert Field.

He says that the Lambert 2000 expansion plan would wipe out or impair a major part of his company's St. Louis operations, but that Lambert could be substantially expanded without "undue damage" to his company.

This, he says, could be achieved by following a study made by his company in 1971 as "a public service."

While it may be true that his expansion proposal might not be harmful to McDonnell Douglas, the company's plan would subject more than 100,000 additional people in residential areas southeast of the airport to aircraft noise impact on an environmentally damaging basis.

Moreover, the McDonnell Douglas plan would provide only a limited increase in Lambert capacity over the existing capacity, with runway capacity reaching the saturation point by 1983, and road capacity being exceeded before 1980. These limitations of his proposal have been shown through analysis by internationally recognized experts in the fields of environmental impact, air space and airfield capacity, terminal and cargo capacity, and ground access by airport users.

In the interest of informed discussion, the St. Louis Metropolitan Area Airport Authority, which has applied to the FAA for approval of the Columbia-Waterloo, Ill., site, feels a summary analysis of the McDonnell Douglas study will be useful.

Forecasts: Forecasts show that there will be 16-22 million annual passenger enplanements by 1990. Strangely, the highest forecast, 22 million passengers, is by McDonnell Douglas.

This should put to rest the charge that proponents of an Illinois airport have overstated future demand.

Noise impact: The runway extensions proposed by McDonnell would spread noise impact over a larger population, most of whom live in communities southeast of the airport.

McDonnell estimated that the number of people affected would increase from a current 93,000 to 199,000 after the runways are extended, based on 1985 traffic levels.

Any proposal to expand Lambert for long-term use as suggested by McDonnell must satisfy the requirements of the Environmental Policy Act and the Airport and Airway Development Act of 1970. Consultants have concluded that McDonnell study would not comply with the requirements of these laws.

Runway capacity analysis: A detailed capacity analysis was made by consultants for the runway system proposed by McDonnell. This analysis utilized current working computer programs which determine the effect that wake turbulence and advanced air traffic control procedures, such as computer-aided approach sequencing, have on runway capacity.

McDonnell capacity values which were not based upon a detailed computer analysis did not include the effect of either wake turbulence or computer-aided approach systems.

The company discusses these phenomena but ignores the capacity reduction they cause.

50 Years Ago Fog strands 200 aboard steamer

JUNE 11, 1923

More than 200 Granite City, Madison and Venice residents were among 2,000 persons aboard the excursion steamer, Capitol, detained all night at a point below Jefferson Barracks. A heavy fog forced it to a temporary landing. The group left St. Louis at 9 a.m. Monday for an "all-day trip" but did not return until 8:19 a.m. Monday. Many had to go directly to work from the vessel.

Performance bond top of debate

JUNE 11, 1948

The Granite City Council voted down Alderman Charles Meyer's attempt to save the city \$243 a year by forcing the garbage collector to pay for his own performance bond. Only Aldermen Donald Parney and Harold Thomas stood by the young council member. Meyer's proposal evoked discussion by several aldermen and an assertion by Mayor Charles Moellien charging personal prejudice. Charles Sparks and J. W. Great-house said they thought payment by the city was wrong, but voted for it anyway.

Chouteau special town meet on road funding

A special town meeting of Chouteau Township residents has been scheduled for Tuesday, June 19, to have township residents vote on the transfer of \$10,000 from the general assistance fund to the road and bridge fund.

The meeting is to begin at 7:30 p.m. in Parish Hall on Chain of Rocks Road in Mitchell. A public vote will be taken on the fund transfer. Paper ballots will not be used, Mrs. Patricia Polley, town clerk, explained.

The need for the funds became apparent two months ago when Jim Estes, highway commissioner, reported his department was operating "in the red" and his workers were not being paid. He asked the town board for a portion of revenue sharing funds, but the request was denied.

Mrs. Polley said there is a surplus in the general assistance fund which should be sufficient to make the transfer without affecting operations.

She said all attending the meeting must sign a register showing they are eligible to vote. Persons 18 years of age or older who have resided in Chouteau Township 30 days or more are eligible to vote at the town meeting.

A regular town board meeting scheduled for Monday, June 18, was rescheduled for Saturday, June 23, to permit approval of bills from the road and bridge general fund if electors approve the transfer.

Board members have voiced disappointment that residents of Paradise and Warsaw lanes had objected to their streets being used by township trucks if a township garage was constructed north of Paradise Acres. Illinois Power Co. offered land for the garage to the township if the residents would approve locating the building there.

Mrs. Polley was authorized to send a letter of appreciation to 21, of 231 Holiday Park, who donated a portion of the property, used at a public hearing on the proposal.

Each auditor was asked to find a site where a town building could be located.

A plot of about five acres is being sought for construction of a township office building and garage, to be paid for with revenue sharing funds.

The township has received \$37,088 in federal revenue sharing and expects to receive another \$36,000 in the next year.

The board approved payment of \$1,869 in general assistance bills and \$1,568 in town fund expenses.

Mrs. Polley urged all citizens to write to their state senators, urging them to vote against Illinois Senate Bill 1151, which would consolidate all elections into one November general election. She said she felt politics would play a larger role in local elections if the bill were to become law.

Fleety three-car crash on Route 35 hurts 3

A fiery three car crash here last week on State Aid Route 35 in front of the Holiday Mobile Home Park injured three persons and demolished one car.

The auto of Miss Vicki Windsor, 22, of 109 Holiday Park, stopped in the eastbound lane to turn into the mobile home park. It reportedly was struck from behind by the car of Mary Arnold, Collinsville, also eastbound.

Upon impact, the Windsor car's fuel tank ruptured and the car burst into flames. The auto traveled 45 feet before stopping.

The Arnold vehicle went off the right side of the pavement, returned to the road, crossed the center line and struck the westbound pickup truck of Albert Artimisi, 50, Caseyville, head-on. It was destroyed.

Long Lake firemen extinguished the burning Windsor car. The injured were brought to St. Elizabeth Hospital, where Miss Windsor was treated for injuries to her neck, left hand and left wrist. A passenger in her car, Miss Barbara Legate, was treated for injuries to the spine.

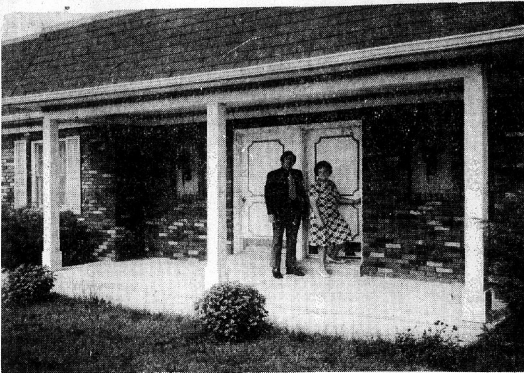

Artimisi suffered injuries to his head when it struck the side window of his truck. All the injured were released after treatment and X-rays.

Commander Manes awarded Navy medal

Commander William C. Manes, a former Granite City resident and commanding officer of the Long Beach homeported destroyer escort U.S.S. Hepburn, has been awarded the Navy Commendation Medal for meritorious service while commanding the Hepburn during combat from August to December of 1972.

The medal was presented by Capt. C. D. Lilly, commander, Cruiser-Destroyer Flotilla Three, Eastern Pacific Representative.

He was specifically cited for his actions in September 1972 when, as tactical leader of a three-ship naval gunfire task unit supporting friendly forces ashore, he organized and directed his ships in such a manner as to inflict as much damage to the enemy as possible.

The task unit's naval gunfire support assisted the friendly forces in repelling the North Vietnamese Army in its attacks on Mo Duc and Duc Pho.

Cdr. Manes, a native of Granite City, is married to the former Margaret E. Newsome of Murphysboro.

They and their four children, Gynette Elaine, William Cunningham Jr., Cheryl Renee and Michele Anne, currently make their home in Fountain Valley, California.

Group backs jr. college

A group which participated in the second monthly prayer breakfast last week, held at Granite City Steel Co., endorsed proposed formation of a Quad-City area junior college district. Attorney Leo H. Konzen presented findings by a committee which has been studying the issue.

Bill H. Terrell presided and plans were made for the third breakfast to be held at St. Elizabeth Hospital at 7:30 a.m. July 11. Topic that day will be implementation of the junior college plan.

The group, composed of a cross-section of this community, reviewed general and specific mutual goals a month ago and decided to pursue projects intended to encourage "a rebirth of community pride."

Accident on Rt. 157 near 162 injures 3

Three persons were injured in a two-car crash on Route 157 three-tenths of a mile north of Route 162 last week.

Admitted to St. Elizabeth Hospital were Edward Cicotte, 25, and Mrs. Sally Cicotte, 25, of Edwardsville, and Edgar Knecht, 52, of Collinsville.

Cicotte suffered a hematoma to the left side of his forehead, and cuts and bruises to his left forearm and elbow, right forearm and right knee. Mrs. Cicotte received cuts to her right knee and the right side of her head and bruises and cuts to her hand, knees and right lower leg.

Knecht was treated for cuts to his right shoulder and right elbow and a bruise to his forehead.

Summer workshops draw interest at university

More interest than usual is being shown in the workshops scheduled for the summer quarter by the Education Division of Southern Illinois University at Edwardsville.

According to W. Deane Wiley, dean of the Education Division, 10 workshops have full enrollment and have had to turn away numerous students who were interested. There are a few workshops which will be able to accept additional enrollment on the open registration day Thursday.

The workshops which are open for additional enrollment include:

Current Problems in Educational Administration — School Law for Teachers (EDAD 505-4.001), scheduled July 16 — July 13, 11:30 a.m.—1:20 p.m., Monday through Thursday.

Current Problems in Educational Administration — Negotiations (EDAD 505-4.002) July 16 — Aug. 10, 2:30 — 4:20 p.m., Monday through Thursday.

Kindergarten-Primary Methods (EDEL 316-4.001), June 18 — July 13, 12:30 — 2:20 p.m., Monday through Saturday.

Instructional Leadership in Elementary Education (EDEL 550-4.401), Aug. 9-18, 12:30 — 4:20 p.m., Monday through Saturday.

Student Activities in the Secondary School (ED 570-4.003), June 19 — July 12, 7 — 10 p.m., Tuesday through Thursday.

Psychology — Communication and Group Behavior (PSYC 564-4.001), July 9-20, 5-9 p.m., Tuesday through Thursday.

Madison names city government student intern

John Piechocinski Jr., 18, of 709 Washington Ave., was approved as a city government student intern for the summer at a salary of \$1,000 by the Madison City Council last week.

A grant of \$500 provided by the federal government will be matched by an equal amount by the city to meet the salary.

Mayor Mike Saszyk explained that the intern program is intended to provide young people interested in government with first-hand experience during summer months.

Saszyk pointed out that the program had been successful in the past, and noted that Gary Novich, city recreation director, is a former Madison student intern.

Joe Gudac was appointed by the mayor and approved by the council as building custodian for the City Hall.

A complaint filed by administrators of the estate of Mrs. Ericka Ickert was read and referred to the city legal department.

A suit for \$100,000 has been filed against Madison in her death June 10, 1972. She allegedly drove onto and struck the old Chain of Rocks Bridge, owned by the city, which had been closed to traffic.

The suit alleges that the bridge approaches were unsafe, the bridge was closed unlawfully and the city failed to maintain adequate barricades, safeguards and warnings.

A letter to Mayor Saszyk from the West Madison Women's Club, signed by Mrs. Curtis Jenkins, president, Mrs. James Kemp, secretary, and Mrs. Ollie Walker, treasurer, was read.

It voiced thanks "for the many things you are doing to help our community. We want you to know we think you are doing a fine job and that we appreciate it."

Funds due employees, including local man

The U. S. Department of Labor is looking for 258 persons who live or lived in Illinois and who have amounts from \$10.05 to \$634.65 due them, with the average being \$67.35. Included is John Lampkin who had an address at 2209 Benton St.

Some \$17,378 was found due and collected from Illinois employers under the Fair Labor Standards Act, and the workers are those who could not be contacted at their last known addresses.

The Labor Department is holding a total of some \$22,000 in unpaid wages for "disinherited" workers in a three state area, including Illinois.

Inquiries should be addressed to: Wage and Hour Division, Room 742, 219 South Dearborn Street, Chicago, Illinois 60604. The phone number is: (312) 333-6963.

Identifying information, including names of recent employers, social security number, and present address, should be submitted.

Chemetco new name of firm

Chemetco is the new name of Chemico Metals Corp., whose offices and manufacturing facilities are located here on Illinois Route 70.

Denis Feron, Chemetco president, said the name is intended to stress the firm as a smelter and refiner of non-ferrous metals, principally copper. The change involves the name only; the organization and operations continue unchanged.

FIRE DAMAGES AUTO

Fire damaged the auto of Dale Hicks, 2432 Dewey Ave., at Fourth Street and Madison Avenue Thursday. Madison firemen were at the scene from 5 to 5:15 p.m.

Commission to study Pythias lodge plea

The Granite City Plan Commission will meet at 1:15 p.m. Thursday to consider a petition by the Knights of Pythias for rezoning of property at 2328 Iowa St. for use as a lodge.

Dorothy Tedder, petitioner, is requesting an R-5 (residential) classification rather than the present R-3 (residential) classification. The request is the only item of business on the Commission's agenda.

TAXI DRIVER INJURED

John Roberts, 1103 Madison Ave., suffered minor injuries when the Yellow Cab Co. taxicab he was driving struck the parked station wagon of Vasil Gravelle, 1616 Sixth St., Madison, at 13th Street and Washington Avenue in Madison at 11:35 p.m. Thursday.

Former local teacher earns national honor

Mrs. Frankie (Joyce) Starrick, a kindergarten teacher in the Johnston City Community Unit School District and a native of Granite City, has been named an "outstanding elementary teacher of America" for 1973.

Mrs. Starrick was nominated earlier this year and was selected on the basis of professional and civic achievements. The annual awards program honors distinguished men and women for exceptional services, achievements and leadership in the field of elementary education.

Each year, the biographies of those honored are featured in the award volume, "Outstanding Elementary Teachers of America."

Mrs. Starrick now is eligible to receive one of the five awards; each includes a trophy for the recipient and a \$500 grant for her school.

Mrs. Starrick is a graduate of Granite City High School and of Illinois State University, Normal. She is presently completing requirements for a master's degree in special education, at Southern Illinois University at Carbondale.

She taught for two and one-half years at Washington Grade School in Granite City before moving to Johnston City, where she has been a faculty member of the grade schools for seven years.

Mrs. Starrick's father was the late John N. Bloodworth, local realtor, and her mother is Mrs. Lorraine Mercer.

Mrs. Starrick has resided in Johnston City for eight years with her husband, Frankie Starrick, pastor of the Church of God there and president of the Ministerial Alliance, and with their three children, Michael, Daniel and Gayle.

Library bookmobile schedule for week

The Granite City Public Library bookmobile will be open from 9 a.m. to noon each week day this week.

On Monday the bookmobile will be at St. Elizabeth School, Tuesday at Washington School, Wednesday at Marshall School, Thursday at Frohardt School and Friday at Namecki School.

City to act on sewer repairs, shared revenue

Use of revenue sharing funds and repairs of recent sewer breaks will be the topics of a special meeting of the Granite City Council at 7:30 tonight in City Hall.

The date of the special meeting to consider revenue sharing was determined by the council at its May 28 meeting and the topic of sewer repairs was added to the agenda by the council at its regular meeting Monday, June 4.

Plans for new city police and fire stations are among the priority projects, aldermen indicated during the past two meetings.

Other proposals for spending approximately \$2 million in revenue sharing the city expects to receive during the next four years include sewer repairs and installation of storm water drainage facilities.

The council opened bids Monday night for repairs to 11 sewer breaks in the Nameoki area attributed to a high water table.

The bids were from C. D. Peters Construction Co., of Granite City and from Finis Ernest & Co., East St. Louis. Alderman Emerald Daves of the Seventh Ward, chairman of the council street and alley committee, said the bids were divided by jobs and will have to be studied and tabulated before a recommendation can be made.

He said tabulations can be completed before this Monday night, so the aldermen agreed to include sewer repairs among the items to be considered at the special meeting.

Lionel Portelli, superintendent of streets, estimated Tuesday that the 11 breaks may cost more than \$500,000 to repair, and the cost may run close to \$1 million. A portion may be paid by flood disaster relief funds from the federal government, he noted.

Most of the council's discussion has centered on construction of police and fire department buildings and on drainage and sewers. On Monday night, the council agreed to either locate and old appraisal, made two years ago, on the value of the Nameoki Fire Station, or seek a new appraisal at a cost of \$130.

It is believed that if a new fire station is constructed, the present Nameoki station will be sold.

Alderman Gerald Parmley of the Sixth Ward suggested the property be reappraised as a commercially zoned building, saying the council could zone the corner as commercial later.

"Change the corner to commercial and we could double the value if we get ready to sell it," Parmley suggested. His motion died for lack of a second by the council.

Alderman Everett Morlen of the First Ward said he would meet with the fire chief this week and try to find a suitable location for a new fire station.

Parmley said several aldermen have been studying

BURGARS LOOT HOME

A stereo set with two speakers and a turntable valued at \$250, plus 30 record albums valued at \$120, two silver dollars and six collector's empty beer cans were stolen in a burglary of the home of Dan Boyd, 2409 Nameoki Road, he reported at 1:10 a.m. Friday. Entry was gained by forcing the front door.

BURGARS SCARED AWAY

Two burglars apparently were frightened away by a girl who was walking her dog in the alley as they attempted to break into the home of Pauline Horn, 2763 Washington Ave., at 10:10 p.m. Thursday. A glass cutter and an electric tape were used on the rear door at the house.

Police stations in the area for suggestions to be incorporated in a new station here.

He said the police committee visited the Belleville police department and received several ideas on what can be incorporated in the plans, utilizing police grants.

He said a system to scramble police radio communications has proved a failure at Belleville and that it would be a waste of money to install it here.

Parmley, who also is on the finance committee, asked that all city department heads hold department budget meetings in the near future and trim the budgets to necessities. "Give us fat-free budgets," he asked the department heads at the meeting.

Parmley also asked the city treasurer and clerk to submit copies of all outstanding bills to the finance committee, including some "very old bills" which were not paid due to council disputes.

The council paid for its new Seagrave custom fire engine and accessories purchased from the F.W.D. Corp., Clintonville, Wis., for \$49,346.

A letter from the Jacksonville Bus Line Co. was read, informing the council of the company's request for the Interstate Commerce Commission to partially eliminate service to this area, including the service's one stop in Granite City. The council placed the letter on file.

Parmley reported not seeing bug spraying operations being conducted in the Sixth Ward. "Little green bugs have invaded this region," he asked that spraying operations be expanded to deal with the problem.

Eric Robertson, assistant city attorney, told the aldermen that they should require "hold harmless" agreements and insurance certificates before granting permission to special sidewalk events.

A letter was read from Ardel Lott, 201 Weaver St., Apartment H, Venice, informing the council of intent to file suit on a personal injury alleged by suffered while stepping from a car onto an irregular piece of curbing Jan. 13 on Madison Avenue between 19th and 20th streets.

NEW SIU TRUSTEE WELCOMED. Mrs. Margaret Blackshire, center, of Madison, being welcomed as a new member of the Southern Illinois University Board of Trustees at its meeting here Friday. The Illinois Senate confirmed the appointment of Mrs. Blackshire by Gov. Dan Walker. With Mrs. Blackshire are Harold R. Fischer, Granite City, let, vice-chairman of the board, and Ivan A. Elliott Jr., Car m i, chairman. The Senate also confirmed the re-appointment of Elliott to the board.

Kodaly music workshop underway at university

A workshop based on the Kodaly concepts of music education is being held June 11-16 at Southern Illinois University at Edwardsville.

Kodaly believed that a child should learn music daily, as he learns reading or mathematics, and the early child can and should learn music as early as possible so that he can read it as easily as he does his mother tongue.

Guest clinician is Arpad Duzs, director of the Royal Franz Liszt Conservatory of Music in Budapest, Hungary.

Dorothy Tullos, professor of music at SIUE, is coordinator of the workshop, assisted by Johnetta Haley, assistant professor of music.

One hundred and thirty persons are registered for the workshop, Miss Tullos said.

61 crimes listed in Madison during May

The Madison Police Department report for May, submitted at last week's Madison City Council meeting, indicated an increase in crimes compared to May 1972, the figure rising from 48 to 61.

There were no robberies in May 1972 and four last month; 10 burglaries, rising to 15; 17 larceny and theft cases, rising to 28; and seven auto thefts, increasing to 10.

Assaults were down last month with six, compared to 14 in May 1972.

The 64 arrests last month included 12 for other than traffic, 23 for traffic only and 23 juvenile detentions.

Cases investigated in the month totaled 551, complaints investigated numbered 406 and unfounded cases numbered 34.

SIU trustees study \$40,000 MRF contract

The Southern Illinois University Board of Trustees has referred to its executive committee a proposed \$40,000 contract between SIU at Edwardsville and the Mississippi River Festival Inc., covering direct costs for services rendered by the university during a fifth season of MRF concerts beginning July 14.

The board expressed continued general support for the festival. Members termed it a "good activity" and "a fine event that we are proud of," prior to adopting a motion by William W. Allen of Bloomington to refer the contract to the members of the executive committee.

Allen said there were "substantial questions" which needed to be resolved, but that the action "is in no way meant to reflect badly on our support of the Mississippi River Festival."

Allen said the questions primarily technical in nature. Board members requested a comparison of direct costs absorbed by the university for last season's festival and the \$40,000 payment proposed in the contract for this year.

Dr. John S. Rendleman, SIUE president, said the proposed contract would provide "fair reimbursement" for expenses directly associated with the festival, but that the \$40,000 payment would not cover all costs for the MRF.

Action by the executive committee is expected early next week. The Board of Trustees staff had raised some questions concerning the contract which were answered by President Rendleman.

James M. Brown, chief of board staff, indicated there had not been time to study the response fully. Brown said the board staff recommendation would be forwarded as soon as possible.

Trustee Allen said the contract "needs prompt approval."

This is the first year that a formal contract between SIUE and MRF Inc. to cover direct costs incurred by the university for the festival has been proposed.

Under the proposed contract the university would provide use of its multi-purpose events site.

Bids rejected on parking lot for new high school

The Granite City Board of Education rejected bids on construction of a parking lot and driveways at Granite City High School North during its meeting last week.

Base bids received were \$20,550 from Bituminous Fuel & Oil Co. and \$209,000 from C. D. Peters Construction Co., or more than twice the \$100,000 appropriated for the project.

The board authorized a new call for bids with revised specifications designed to lower the cost. Bids will be open at 3 p.m. June 19.

In other business, the board awarded a student insurance contract to the McEvilly Agency which quoted school-time coverage premiums of \$3.50 for grade school students, \$4.50 for high school students and \$10 for employees; and full-time coverage of \$22 for students and \$25 for employees.

SIUE professor to head financial office of state

Dr. Leo Cohen, a professor of economics at Southern Illinois University at Edwardsville, and a specialist in the area of public finance and property tax administration, has been named chief of the Office of Financial Affairs for the Illinois Department of Local Government Affairs by Director Frank A. Kirk.

Cohen was most recently director of the Center for Urban and Environmental Research and Services at SIUE. The center specializes in researching issues relating to state, regional and local needs.

"I'm delighted to have Dr. Cohen with the department," Kirk commented. "He is one of the most knowledgeable persons in Illinois in the area of property taxation and brings to the department a wide range of experience and skills."

Cohen will head the office charged with assisting local governments in matters relating to the assessment and equalization of property taxes.

34 June graduates at Venice-Lincoln Center

Thirty-four students received diplomas as June graduates of the Venice-Lincoln Technical Center in Venice. They received either high school diplomas, General Educational Development equivalency certificates or completed the nurse aide training program.

Dr. E. Stanley Howlett, a St. Louis minister, was guest speaker. Howlett, who resides in Edwardsville, is employed by Granite City Steel Co. He is a former Golden Gloves fighter and later a professional boxer.

K. Duane Rankin, director of the center, welcomed guests and graduates and John O. Pier, superintendent of the Venice public schools, also spoke. Rankin presented the diplomas and certificates to the graduates.

A reception followed the ceremony. Earning high school diplomas were Beverly Bell, John Bush, Sandra DeMontmolen, Janet Hilton, Ray Hunter, Deborah Odom and Linda Ruth Warren. Equivalency certificates were earned by Cleveland Campbell, Aaron Cummings, Ricky Cole, Brenda Davis, Larry Dayton, Thomas G. G. Darlene Grayson, Stanley Jones, Barbara Juedemann, George McGinnis, Tina Pressee, Melody Retzer, Ida Smith, Daisy Sparks, Florence Turner and Deborah Woodford.

Nurse aide graduates were Claude Anderson, Betty Boyd, Pamela Canada, Pam Cavness, Brenda Davis, Kathleen Miller, Phyllis Mosby, Gloria Norville, Patricia Patterson, Turner and Florence Wicker.

PTA Area Council installs Mrs. Farrow

Mrs. Vera Farrow, a learning disabilities teacher at Nameoki School and past president of Nameoki PTA, was installed as president of the Granite City Area Council of Parent-Teacher Associations at the council's annual installation meeting held last week at Maryville School.

Mrs. Eula Brazier of East Alton, past state president of the Illinois Congress of Parents and Teachers, was the installing officer.

She briefly addressed the group using the theme "Doors" through which, she explained, the new officer corps can open many avenues to others through PTA programs and education.

Mrs. Brazier presented each of the new council officials with a key pertaining to her specific office and significant to the theme of the installing speech.

Mrs. Farrow, a teacher of second grade pupils at Nameoki School for many years prior to changing to the learning disabilities special education field, was presented a dozen red roses by Mrs. Joyce Tracy, Nameoki PTA president.

The latter expressed the parents' and PTA unit's appreciation to Mrs. Farrow for her many years of service to the children.

Other council officers installed, are:

Mrs. Faye Kirgan, Parkview PTA, vice-president; Mrs. Dorothy Phelps, Like PTA, recording secretary; Mrs. Blanche McCabe, Emerson PTA, corresponding secretary; and Mrs. Yvonne Lipchik, Parkview, treasurer.

Bob Kirgan of Granite City was introduced as the new director of District 29, ICPT, which encompasses PTA units in the Madison County area.

Activities at the state PTA convention were reviewed by the new council executive and Mrs. Phelps, who attended as official delegates.

Speech pathology seminar underway

A speech pathology seminar entitled "Public Law of Communicative Ability" (PICA) is being held this week at Southern Illinois University at Edwardsville.

Harold Haines of the Speech and Hearing Center at SIUE is in charge. Haines attended two workshops — a basic and an advanced one — to become proficient in the use and interpretation of the PICA, a battery of tests used to evaluate adult aphasics.

Bruce E. Porch is author of the index. A graduate of Stanford University, Porch is director of speech pathology and audiology service at the Veterans Administration Hospital in Albuquerque, N. M., and has appointments in the medical school at the University of New Mexico.

Twelve persons are enrolled in the seminar. Haines said, most of whom have received their master's degrees in speech pathology from SIUE or are in the master's program at the university.

"Our aim is to qualify speech pathologists in this area who have need to use the PICA instrument," Haines said.

RESTRAINT CHARGED
Robert Evans, 21, of 2842 Ralph St., was charged with unlawful restraint after he allegedly held a 7-year-old girl against her will for a few minutes in the 2800 block of Iowa Street at 5:50 p.m. Saturday. The girl's father reportedly apprehended Evans and held him until officers arrived.

TWO YOUTHS FLEE HOME
Marion Sullivan, 267 Circle Drive, reported at 9:30 p.m. Sunday that when he arrived home he saw two youths inside the house who left through the kitchen window and rode away on bicycles. A portable television set was in the kitchen ready to be removed.

HOUSE RANSACKED
Frank Holmes, 2701 E. 24th St., reported at 12:20 a.m. today that his home was ransacked in a burglary. Nothing was missing. Entry was gained by breaking a door lock.

Veterinary degree critically hurt Lowe is presented to infant shows progress

James Bresnahan, son of Mrs. Leona Bresnahan, 2021 E. 24th St., Granite City, received the doctor of veterinary medicine (DVM) degree from the University of Illinois College of Veterinary Medicine during commencement exercises Saturday at the U. of I. Assembly Hall, Urbana.

Dr. Bresnahan is a 1964 graduate of Granite City High School. He received a BA in biology from Southern Illinois University before entering the U. of I. College of Veterinary Medicine. He received a BS in veterinary medicine from U. of I. in 1971.

He was active in the University of Illinois Student Chapter of the American Veterinary Medical Association and Omega Tau Sigma professional veterinary medical fraternity. His wife, Janice, is the daughter of Mr. and Mrs. Harry Noud of Glen Carbon.

He will enter small animal practice after graduation. His professional education is similar to that required for human medical practice, including a minimum of two years of pre-veterinary study and four years in the professional program offered by the state's only College of Veterinary Medicine. Veterinarians must also pass state board examinations before being licensed to practice in Illinois.

THIRD-MADISON CRASH
Flavius Roberts, 2400 S. 2nd St., Madison, suffered minor injuries when his car and the auto of Wade Woods, 83 Garfield St., Madison, were involved in an accident at 4 p.m. Saturday at Third Street and Madison Avenue, Madison.

BURGLARY ON REYNOLDS
Two televisions, two blenders, a clock radio, a hair dryer, a wig and a 22-caliber rifle were stolen from the home of Dean Gurtman, 1101 (rear) Reynolds St., Madison, it was reported at 9:10 p.m. Saturday. The loss was estimated at \$800.

Two other children, Laura Marie, 4, and Angela Diane, 2, also hurt in the crash, are now staying with relatives in Granite City.

Mrs. Vada Krajnovich, 1112 Greenwood St., Madison, a sister of Lowe, said a group of musicians representing several music groups has agreed to donate their services at a Lower Valley benefit concert.

The concert, which will be held at the Venice-Madison American Legion Hall in Venice, will be available at the door the night of the dance and from area business firms in about two weeks time, she said.

Entertainment will be continuous from 7 p.m. until 1 a.m. Many gifts donated by merchants will be distributed on an hourly basis to patrons throughout the evening, Mrs. Krajnovich advised.

She also reported that Mrs. Flo Liener of Mitchell, a licensed booking agent, has offered her services on a non-exclusive basis to coordinate the event and is arranging for participation by entertainers from the bi-state metropolitan area.

State conservation director to speak

Anthony Dean, the new state director of conservation, is to speak at a public meeting of the Piassa Palisades Group of the Sierra Club at 7:30 tonight at the First Presbyterian Church, Fifth and Alby streets, Alton.

The meeting also is being sponsored by the Great Rivers and Southwest Chapters of the Illinois Audubon Society. His topic will be preservation and management of Illinois natural resources.

State is 'halfway to best consumer laws in nation'

With House passage of four key bills in the past week, Attorney General William J. Scott said Saturday that Illinoisans are halfway to the best consumer protection laws in the nation.

He called on the State Senate to also approve the bills and "write the end to consumer abuses that cause economic grief to countless Illinoisans."

The four bills passed by the House would:

1. Regulate sale of franchises in Illinois and require full disclosure of facts from those offering franchise distributorships.

2. Outlaw pyramid or chain-letter-type sales schemes which have victimized hundreds of Illinois families via empty promises of quick riches.

3. Strengthen the Federal Trade Commission's "deceit" law to deal directly with such problems as fraudulent advertising and allow the state to adopt the findings of the Federal Trade Commission.

4. Amend present consumer statutes to give the attorney general the authority to act on abuses involving Illinois real estate.

Red Cross annual meeting tomorrow

Reservations are being accepted through today for the annual dinner meeting of the Red Cross, scheduled for 6:30 p.m. tomorrow at Temple's Smorgasbord, Johnson Road and Terrace Lane.

Addressing the Red Cross board members and their guests will be S. T. "Pete" Nasir, executive director of the Red Cross Area United Fund.

He is a former Red Cross field director, who was stationed at overseas military bases and aided forces installations in the United States.

Annual reports will be presented and details of the chapter's disaster relief work in the spring floods will be reviewed. David Fox, board chairman said.

BURGLARY OF STORE

Burglars entered the Harper Kirby Co., 3004 Nameoki Road, by removing an air conditioner unit from a window, it was reported at 9:05 a.m. Saturday. A door also was forced open. Desks and cabinets were ransacked, and an inventory was being taken to determine what was stolen.

Here 60 years, Steve Petrik, 90, succumbs

Steve Petrik, 90, of 3228 Edgewood Ave., died at 4:10 p.m. Saturday at Colonial Nursing Home, Maryville, where he had resided four years.

Mr. Petrik was born in Hungary and lived in the Quad-City area 60 years. He was a retired laborer from the Union Star & Refining Co.

He held memberships in St. Joseph Catholic Church and the William Penn Lodge. His wife, Mrs. Louise Petrik, preceded him in death Jan. 9, 1967.

Surviving are a son, Alex Petrik of Jennings, Mo.; three daughters, Mrs. Joseph (Irene) Margulen and Mrs. John (Irene) Danco of Granite City and Mrs. Mary Rezel of Wood River; four grandchildren and six great-grandchildren.

Funeral arrangements are given in today's obituary column.

GRANTMASTER TIRE GUARANTEE

1. Tread Life Guarantee Against Road Hazards
We guarantee all Grantmaster tires against failures from all normal road hazards for the life of the tread with the exception of: ordinary nail punctures, fire, theft, front-end misalignment, under-inflation, over-inflation and running flat.

2. Tread Life Guarantee Against Defects
We guarantee the Grantmaster tires against all defects of material and workmanship for the life of the tread.

Basis of Adjustment: Should your Grantmaster tire require adjustment under Section 1 or 2 of the Guarantee, please return it to Grants and we will replace it by giving you a proportionate allowance for the unused tread based on the current selling price, including Federal Excise Tax.

3. Guaranteed Against Tread Wear
The original tread is guaranteed not to wear out during this period. If the tread wears out during this period, the tire should be returned to Grants and we will replace it, charging the current regular selling price plus Federal Excise Tax less the following percentage allowance toward the purchase of a new tire.

Tire Guarantee	Allowance
18-24 Months	10%
25-40 Months	25%

This guarantee covers tires in passenger car service only. Passenger car tires used in commercial service reduce the guarantee period by 50%.
